

K-LOVE provides a needed service to me. I have 2 children who want to listen to music. If K-LOVE were to be forced off the air what other choice of up to date music that my childrens ears and minds can hear are available on the radio. NONE!!! What choice would the rest of my community have if the FM translators were forced off the air and K-LOVE was gone. NONE!!! The service that K-LOVE provides is an uplifting, positive alternative to the rest of the garbage that is on the radio. If you fill your head with garbage than garbage will come out of your mouth. K-Love is the ONLY station my family listens to and we apply what we learn from K-Love to our everyday life and I believe we are making a difference in our community because of K-LOVE. Please do not take away the FM translators that K-Love is often heard from. My family benefits from this radio station and so do thousands of other families.
